## It's Out! It's Out!

Pleased and excited to announce the launch of my newest book series "The Time Game Series." Written for 9-16 year olds (but adults like it, too), "The Eye of the Storm: The First Token" is Book 1.

The concept for the adventures of the Willoughby twins, Marcus and Samantha, was born as I thought about what kind of book kids today really like. (I have an almost 12-year-old grandson who loves to read, so I want to provide him with good reading material). Time travel seems to be at the top of the list for most younger readers...particularly boys.

Boys are not reading as much as they used to, so I'm hoping by providing an adventure series that features both a boy and a girl, both genders can find someone to cheer on.

I plan to have a separate website for the series ([www.TimeGameSeries.com](http://www.TimeGameSeries.com)). Nothing there now, but should have it up by January of 2017. I'll have some videos, fun reads, blurbs about favorite series' characters, and highlights of upcoming books. (The next one will be "Mission to Mars: The Second Token" out in 2017).

If you have a child or grandchild in the indicated age-range, you'll be able to find the book on Amazon.com or at one of my book signings or talks. You can also access the Amazon link through my current author website: [www.dafeatherling.com](http://www.dafeatherling.com)

Let me know how your youngsters like the book. My future dreams include an actual board game, now used in the books and on their covers (I've already figured out how to play it) and a video game based on the characters and squares on the board.

## If You Liked Book 1 in the “It’s Murder at the Office” series.....

You’re going to be glad to know that Book 2 is done and will shortly be on the market...again, at Amazon.com or one of my talks/book signings (hopefully by mid-November).

“Bubble, Bubble, Toil and...Murder” pits temporary worker Abigail Newhouse against a cold-blooded killer as she negotiates the business world while assistant manager of an antique mall. Lots of colorful characters, exciting action sequences, and a surprise ending you’ll love.

Join Abby and handsome Homicide Lieutenant Nick Vaughn in this second book of the series.
